PROFILE

I am a 22-year-old tech enthusiast currently pursuing Software Engineering at IJSE Institute. Passionate about applying my skills in real-world environments and have confidence in my current skillset and experience. I am eager to contribute to a forward-thinking organization's success while gaining hands-on industry experience. My strong enthusiasm for learning and problem-solving drives me to continuously grow, and I am motivated to support both your company's goals and my academic journey by building a sustainable career path.

EDUCATION

- Diploma in Information Technology at E-SOFT Metro Campus.
- Completed Professional Qualification of Computer Graphic Design (Recent).
